CONTENTS OF VOLUME 21

No. 1, March 1994

Effects of high hydrostatic pressures on secondary structure of acetylcholinesterase with and without carbachol
G. Kalogeros, P. T. T. Wong, S. Lecelle, D. J. McIver, and *R. B. Philp* 1

Perception of thermal comfort during narcosis
I. B. Mekjavić, T. Passias, C. J. Sundberg, and *O. Eiken* 9

Effect of radical scavengers and hyperbaric oxygen on smoke-induced pulmonary edema
R. J. Stewart, S. W. Mason, M. T. Maira, G. E. Hasson, M. S. Naito, and *K. T. Yamaguchi* 21

Clinical Communications

Pupil cycle time in the long-term neurologic assessment of divers
R. T. Day 31

A neuropathologic study of the ependymoventricular surface in diver brains
I. Morild and *S. J. Mørk* 43

Technical Communication

Characterization and measurement of elastance with application to underwater breathing apparatus
D. D. Joye, J. R. Clarke, N. A. Carlson, and *E. D. Thalmann* 53

Letter to the Editor

Comments on "The contribution of neurophysiologic techniques to the investigation of diving-related illness"
B. Fowler 67

Book Review

The physiology and medicine of diving 69

Abstracts

From current literature 73
French translations 83
Spanish translations 88

No. 2, June 1994

Release of surfactant and myelin proteolipid apoprotein in spinal tissue by decompression
B. A. Hills 95

Cerebral imaging of decompression injury patients with 18-F-2-fluoro-2-deoxyglucose positron emission tomography
V. J. Lowe, J. M. Hoffman, M. W. Hanson, S. Paine, E. W. Massey, L. K. Jordan, L. Gray, R. E. Moon, and *R. E. Coleman* 103

Protective effect of oxygen and heliox breathing during development of spinal decompression sickness
O. Hyldegaard, M. Møller, and *J. Madsen* 115
Prediction of decompression illness using bubble models
P. Tikuisis, K. A. Gault, and *R. Y. Nishi* 129
Diving pattern of fishermen in the Pascadores
H. C. Lee, K. C. Niu, K. L. Huang, J. D. Tsai, R. K. Shyu, Shiraki K, S. K. Hong, and *Y. C. Lin* 145
Flow velocity in carotid artery in humans during immersions and underwater swimming
Z-L. Jiang, J. He, H. Miyamoto, H. Tanaka, H. Yamaguchi, and *Y. Kinouchi* 159
Influende of hyperbaric oxygen on left ventricular contractility, total coronary blood flow, and myocardial oxygen consumption in the conscious dog
M. A. Savitt, J. S. Rankin, J. R. Elberry, C. H. Owen, and *E. M. Camporesi* 169
Influence of delayed hyperbaric oxygenation on recovery from mechanically induced damage
A. G. Nelson, E. G. Wolf, Jr., and *B. Li* 185
Hyperbaric oxygenation treatments and metabolic enzymes in the heart and diaphragm
A. G. Nelson, E. G. Wolf, Jr., C. M. Hearon, and *B. Li* 193

Technical Communication

Energy expenditure and fluid production in hyperbaric $He–O_2$ environments using doubly labeled water
J. L. Seale, J. W. Thorp, J. M. Conway, W. V. Rumpler, and *K. J. Haberman* 199

Letters to the Editor

Spontaneous cure of decompression sickness
J-F. Yuan, Z-Y. Ji, G-C. Gong, and *Y-S. Jin* 209
A mathematical decompression model based on biophysical and physiologic laws
I. Voitsekhovich 209

Abstracts

From current literature 215
French translations 227
Spanish translations 229

No. 3, September 1994

Probable lung injury by long-term exposure to oxygen close to 50 kilopascals
S. Suzuki 235
Failure of normobaric oxygen therapy to reduce ischemic brain damage in rats
Y. Li, S. Kawamura, M. Shirasawa, N. Yasui, and *H. Fukasawa* 245
Modification of oxygen tolerance in rats by adaptation to combined hypoxia and hypercapnia
J. M. Clark 251
Hydrogen gas is not oxidized by mammalian tissues under hyperbaric conditions
S. R. Kayar, M. J. Axley, L. D. Homer, and *A. L. Harabin* 265
Effects of deep saturation diving on the lymphocyte subsets of healthy divers
N. Shinomiya, S. Suzuki, A. Hashimoto, and *H. Oiwa* 277
Failure to prevent decompression illness in rats by pretreatment with a soluble complement receptor
J. R. Broome, R. R. Pearson, and *A. J. Dutka* 287

Exercise effects of central venous nitrogen tensions after simulated non-decompression dives
C-M. Muth, C-M. Staschen, V. Warninghoff, U. Van Laak, and *P. Radermacher* 297
Supraventricular arrhythmias following breath-hold submersions in cold water
M. J. Tipton, P. C. Kelleher, and *F. St. C. Golden* 305
Effects of hyperbarism on central respiratory drive and respiratory pattern in humans
M. Rocco, P. Pelaia, G. Conti, R. Malpieri, F. Cottini, C. Bortone, and *A. Gasparetto* 315

Clinical Communication

Hyperbaric oxygen therapy in hemorrhagic radiation cystitis: a report of 20 cases
H. C. Lee, C. S. Liu, C. Ciao, and *S. N. Lin* 321

Technical Communication

CO_2 binding by Baralyme in three different carrier gases
M-J. Lin and *M. J. Jaeger* 329

Letter to the Editor

Effects of hyperbaric oxygen therapy on rat sciatic nerve injury
Q. L. Liu and *B-P. He* 341

Abstracts

From current literature 345
French translations 355
Spanish translations 361

No. 4, December 1994

Effect of β_1-adrenoceptor blockade in rats at 5 bar ambient pressure
J. Risberg, C. Hordnes, L. E. B. Stuhr, and *I. Tyssebotn* 371
Assessment of visual contrast sensitivity in hyperbaric oxygen
G. Oriani, R. Magni, M. Michael, A. Musini, A. Durante, P. Campagnoli, and *R.Brancato* 387
A histopathologic and immunocytochemical study of the spinal cord in amateur and professional divers
S. J. Mørk, I. Morild, A. O. Brubakk, S. Eidsvik, and *H. Nyland* 391
A test for variations in individual sensitivity to hyperbaric oxygen toxicity
A. L. Harabin, S. S. Survanchi, and *L. D. Homer* 403
Effect of air, heliox, and oxygen breathing on air bubbles in aqueous tissues in the rat
O. Hyldegaard and *J. Madsen* 413

Clinical Communication

Unexplained muscle swelling in divers
C. G. Daugherty 425

Technical Communications

Calculated thermal conductivities and heat flux in man
G. S. Anderson and *A. D. Martin* 431
Application of a valveless anesthesia circuit for deep diving
K. M. Zwingelberg and *M. J. Jaeger* 443

High altitude dives in the Nepali Himalaya
J. Leach, A. McLean, and *F. B. Mee* 459

Review

Does hyperbaric oxygen have a cancer-causing or -promoting effect: a review of the pertinent literature
J. J. Feldmeier, R. D. Heimbach, D. A. Davolt, M. J. Brakora P. J. Sheffield, and *A. T. Porter* 467

Letter to the Editor

Physician awareness of hyperbaric oxygen in a large tertiary care hospital
G. D. Jay and *R. H. Woolard* 477

Abstracts

From current literature 481
French translations 487
Spanish translations 493
